

*We are delighted to invite you to the*  
**North East and North Cumbria (NENC)**  
**Maternal and Neonatal Regional Patient Safety Event, incorporating:**  
**The NENC MatNeo Health Safety Collaborative Learning System, &**  
**The NENC Maternity Patient Safety Learning Network**

A partnership between the Academic Health Science Network NENC, Patient Safety Collaborative NENC, the Maternity Network at the Northern England Clinical Network, and the Northern Neonatal Network.

**22<sup>nd</sup> May 2018, 9.00am registration, 9.30am start - 3.30pm close**

Lunch will be provided

Venue: The Durham Centre, Belmont Industrial Estate, Durham. DH1 1TN

**Reasons to attend this event**

**You will gain additional insights into how the Maternal and Neonatal patient safety work within the region fits together:**

*Learning from the HSIB (Health Safety Investigation Branch)*

*Key messages from regional root cause analysis, as well as regional data and guidelines relating to Term Admissions into Neonatal Services*

*We have also contacted NHS Resolution (previously the NHS Litigation Authority) who we hope will be available to discuss the Early Notification Scheme*

**You will learn more about the MatNeo Health Safety Collaborative:**

*Hear about the national changes being implemented and how these may impact on you*

*Wave 1 and 2 sites will share their progress, particularly regarding project ideas, quality improvement methodologies, and culture surveys*

*How you can become a member of the regional MatNeo Health Safety Collaborative Virtual Learning System and why you would want to!*
